AIESEC in IUB Achieving Impact by Coastal Cleanup

by Nazia Sultana

With the message "Celebrating Victory through Volunteerism", AIESEC in IUB organized a coastal cleanup in Cox's Bazaar, on the Victory Day, to commemorate the spirit of the freedom fighters with actions of community service to liberate against the many difficulties we are facing today.

A delegation of around 20 people from AIESEC in IUB cleaned the beach for two hours, with the help of the local salespeople on the beach whose immense support helped us find the areas filled with litter. The enthusiastic participants also encouraged the tourists and the locals to use the garbage points situated in the beach.

The most common type of garbage found in the beach were cigarette buds, nutshells, polythene, papers, coconut shells,

plastic and bottles. Most of the waste we produce on land eventually reaches the oceans, either through deliberate dumping or from fun-off through drains and rivers. This contributes to marine pollution which affects the climate and eventually all the living creatures on earth.

The Coastal Cleanup helped us understand that it is our responsibility to protect our country and the assets for our future generation. An initiative has created a small footprint towards the starting of a revolution of protecting our nation through volunteerism through taking responsibility of our nation. It is our duty to protect this nation and help this nation grow. AIESEC in IUB was proud to be a part of this initiative and will continue to achieve impacts through creating a positive impact on the society.

Local Induction Conference 2009

by Ali Murshed

After a rigorous selection process taking place following the candidate interviews, the Local Induction Conference welcoming the new batch of 2009 into AIESEC in IUB was held on 7 November, 2009. On this auspicious occasion a total of twenty six applicants were selected as members. At the end of the day the Local Committee President, Nazia Sultana, gave a final presentation on the AIESEC way of life and

presented a short video clip depicting some of the serious global issues towards which "we all should be acting in a sustainable and proactive manner", as stated by the President herself. This fresh new wave of members brought along with them an enthusiastic vibe, which the current members intend to cultivate and utilize to light up the future of AIESEC in IUB.

Global Internship Program Campaign 2009

by Sumaiya Haque

Outgoing Exchange Department of AIESEC in IUB has recently launched Global Internship Program 2009. The two weeks campaign has successfully generated highly potential candidates. For the past two years, the Global Internship Program particularly focused within the Business and Engineering Departments but this year the campaign had a new dimension. An effort was made to incorporate the students of the Media & Communication Department. Interested candidates turned up at a surprisingly good rate. The program was followed by an Information Seminar. It not only helped the potential candidates to understand the entire concept of internship through AIESEC but also gave them a brief review of what AIESEC is all about. Candidates were able to resolve their queries both from a formal theoretical approach as well as from a past practical experience.

AIESEC in IUB Recruitment 2009

by Ali Murshed

After an entire week of a very successful recruitment campaign taking place, the AIESEC in IUB Team's Day was held on Saturday, October 24. The main aim of this event was to invite the applicants and give them a brief firsthand look into what AIESEC is all about. Throughout the entire day, various activities were set up to evaluate the potential members in terms of aspects such as individual and interpersonal communication, leadership capabilities, crisis management, and creative thinking. The group of applicants who attended the Team's Day were extremely energetic and enthusiastic about learning about AIESEC and participating in the various activities without showing any signs of bashfulness or hesitation.

After such a successful accomplishment of this year's recruitment and Team's Day, the members are heavily inspired and very optimistic about the future of AIESEC in IUB and the kind of legacy that will come to be.

AIESEC in Bangladesh Trainee Night 2009

by Ali Murshed

AIESEC in Bangladesh recently organized a "Trainee Night" aimed at welcoming all the international AIESEC trainees who are currently residing and working in Bangladesh. The event brought the entire local and international AIESEC community together. The night involved a brief oral and visual presentation provided by all the foreign trainees about their life back in their respective countries and their experiences so far in Bangladesh. "It is an amazing experience to come and meet so many people who share the same spirit of AIESEC as I do", commented Jorge Andrés, a trainee of AIESEC in IUB, who recently arrived from Colombia and is currently working in Call South Asia. Through this event AIESEC Bangladesh has been able to successfully create an atmosphere for intercultural exposure and diversity for its members.
