Types of grade	
Blank	Institutional (IUB)
E	Examination
T	Repeated (Credit not allowed)
R	Repeated (Credit allowed)

- Students currently enrolled in IUB will follow the resolutions about F grades that were written in their respective catalogue of entry. F grade in any subject will remain in the transcript but it will not hold back a student's graduation.
- Regardless of what grade a student earns in a course the students will be allowed to retake that course once only. In the event of a retake the latest grade earned by the student will be considered towards counting of the CGPA. A course must be re-taken within next two semesters of the original course registration. If a student, after re-taking a course, scores an 'F' grade, then s/he will get a second chance to re-take the course. In the event of getting an 'F' grade in two consecutive semesters, the student will end up getting an 'F' grade *or may be allowed to take another course in lieu in order to make up for the 'F'.*
- Awarding of Incomplete or '**I' grades should be strongly discouraged. 'I'** will only be allowed for students who have a valid reason (ascertained by the senior management). In situations where the student is unable to complete the course due to unanticipated illness or family emergency and has not attended at least 75% of the classes held, he / she will be asked to withdraw from that course and repeat it. In unavoidable circumstances where students have completed 75% of the classes but are unable to continue (due to illness or family emergency), instructors are requested to give the student a composite grade based on assignments/tests that have already been completed and any additional assignment/exam that the instructor feels necessary. The student should fulfill the requirement before the end of the following semester in consultation with the course-instructor, failing which the grade converts to **'F'**. The student is **not required** to register for the course in the next semester.
- A **'W'** grade means withdrawal. A student may decide to withdraw from a course by the deadline with the consent of the instructor and the Academic Advisor. Withdrawal from only one course in a semester is allowed but the students should provide valid reason along with documents while applying for the withdrawal. However, withdrawal from the whole semester may be allowed on case by case basis provided s/he had valid reasons for withdrawal from the semester along with valid documents
- A **'Y'** grade means audit. A student may decide to audit a course of his/her interest. In this case, the student pays the full tuition fee for the course, attends the classes, but is not required to sit for the exams or turn in the assignments. No credit is earned.
- An **'O'** grade is given to a student who has been administratively discontinued by the management as a punitive measure.
- A **'Z'** grade is a symbol assigned by the Registrar's Office if no grade is received within the deadline. A transcript shows the earned credit, grade status for course(s) taken at IUB and those transferred from other institutions.

A CGPA of less than 2.00 will result in the student being placed on probation and such a student must immediately consult his/her advisor and the Student Counselor. If the student is on probation for two successive semesters and CGPA is below 1.5, his/her admission to this University is cancelled. If the CGPA is 1.5 or above but still below 2.00, the student is permitted to continue for one more semester on probation. By the end of this third semester in probation, the student must increase the CGPA to 2.00 or above; otherwise his/her admission to this University will be cancelled.

Failing in the same course thrice will head to cancellation of admission.

A Cumulative Grade Point Average (CGPA) of minimum 2.00 is required for graduation. Individual Schools may require higher point average in major courses of 300 levels and above.

INFORMATION FOR THE FACULTY MEMBERS:

Registrar's Office will provide three rolls: namely **preliminary class-rolls**, **final class-rolls** and **final grade-rolls** of a semester to the four Directors of Schools to circulate among all the faculty members.

The **preliminary class-rolls** will contain information on students who have processed their registration requests for a certain semester. The preliminary class-rolls shall be given on the first day of the commencement of classes of a semester. The faculty members are requested to retain the copy of the preliminary class-roll(s) with them.

The **final class-rolls** shall be given to the Directors of Schools at the end of the add/drop period. Registrar's Office shall provide two copies of final class-rolls to the Directors of Schools to be circulated among all faculty members. The faculty members are **requested to submit one copy** of the final class-roll to the respective Offices of the School and retain the other copy for their own record. The respective Offices of the Schools should send those class-rolls to the Registrar's Office.

If a student's **name is not on the roll but the student is attending classes**, please instruct the student to contact the Registrar's Office immediately and if a student's **name is on the roll but s/he is not attending classes**, please make a comment in the class-roll before submitting it to the Registrar's Office. If there is/are any correction(s), please mention it on the final class-rolls. All faculty members are requested to submit the final class-rolls to the respective Offices of the Schools within the deadline mentioned in the class-rolls. The respective Offices of the Schools should send those final class-rolls to the Registrar's Office.

Before the beginning of the final examinations, Registrar's Office will issue the **final grade-rolls** to the Directors of the four Schools. All faculty members are requested to collect the final grade-rolls from the respective Offices of the Schools and kindly adhere to the following:

> Do not add/delete the name of any student to/from the grade-rolls.
> Do not leave any row blank in the grade-roll.
> Do not submit 'Z', 'O', 'W' or 'Y' grades for any student.

After filling in the final grade-roll, please return the grade-roll(s) within the stipulated time mentioned in the grade-roll(s) with appropriate **grades, dates and signatures** to the School Offices. Registrar's Office will collect the filled-in final grade-rolls from the respective School Offices.
PLEASE NOTE: *If there is any discrepancy in the final grade-roll(s), all faculty members are requested to contact the Registrar's Office immediately for clarification.*

ADMISSION SCHOLARSHIP:

- The top three candidates securing the highest marks in gradation in the admission test will be awarded 100% tuition waiver as scholarship.
- The top ten candidates securing the highest marks in gradation in the admission test will be exempted from payment of admission fees of Tk. 15,000 (Taka Fifteen Thousand) only.

COURSE WAIVER:

1. Students with a score of A in English at 'A' level will be considered to have completed the courses ENG 101 and ENG 102 and have earned credits for those two courses. The required remaining three credits will be chosen from ENG 105 or ENG 202.
2. Students with a score of 'A' in Mathematics at A-level will be considered to have earned a total 3 credits for either MAT 101 or MAT 102 course.
3. Students having B or higher in English at their O level examination cannot take ENG 101 and ENG 102. They would however have to take ENG 105, ENG 106 and ENG 201.
4. Students having B or higher in Mathematics at their O level examination cannot take MAT 101 but must take MAT 102 in lieu.
5. Students from the National Curriculum or from the English medium with C in their O-Level scoring 35 out of 50 in the English portion of the admission test will be exempted from doing ENG 101 and ENG 102. They would however have to take ENG 105, ENG 106 and ENG 202.

MINIMUM CREDIT REQUIREMENT PER SEMESTER:

a. The newly entering students must take a minimum of 9 credits whether it is in a semester. These 9 credits must come from foundation courses in a PRESCRIBED SEQUENCE which will take into account exemptions and waivers.
b. Returning students can take a minimum of 9 credits and a maximum of 18 credits in a semester. The first rule that has to be applied is the clearing of all previously failed courses whether foundation or not.
c. Additional courses must include foundation courses in A PRESCRIBED SEQUENCE. For example if a student has failed in two non-foundation courses (totaling 6 credits) in the previous semester and she/he wishes to enroll for only 6 credits, they must re-take the two failed courses. If they wish to enroll for 9 credits or above, the additional courses must include a minimum of 6 credits from foundation courses in a PRESCRIBED SEQUENCE. Thus if he/she is enrolling for 9 credits, the student will take 6 credits from the failed courses (retaken) and an additional 3 credits from foundation courses in a PRESCRIBED SEQUENCE. If he/she is enrolling for 12 credits, the student will take 6 credits from the failed courses (retaken) and an additional 6 credits from foundation courses in a PRESCRIBED SEQUENCE.
d. If a returning student has no previously failed courses, he/she must take a minimum of 9 credits from foundation courses in A PRESCRIBED SEQUENCE until all 12 foundation courses have been completed.
e. Although students are allowed to take a minimum of 9 credits in a semester, to be eligible for financial aid from IUB they must take at least 12 credits.

CODE OF CONDUCT

Once a student makes a choice of being a student of IUB, the student becomes a part of the IUB community. This community includes the student body, faculty members, and the administration. The relationship of the student with the IUB community is based upon mutual trust, personal respect and individual integrity. They shall demonstrate respect for all members of the IUB community as individuals, avoid exploitation of fellow community members and make every effort to foster academic conduct.

Students are expected to become their best selves and to work consciously towards bringing forth the best in others. It is expected that students clearly understand that while they are in IUB they bear the name of the University. All behavior therefore must reflect this reality in the social, civic, educational, and living environments in which they find themselves. Students are expected to be involved in the educational process that extends beyond the classroom as they design, create and participate in educational opportunities with and for other members of the University and civic community. The commitment to and involvement in the educational process at the University means that all aspects of human living are to be viewed as opportunities to teach, learn and grow. In pursuance students must always abide by all rules and regulations of the University.

All students shall abide by this guideline "Code of Conduct" at all times during their association with IUB. The term 'University' shall mean any physical property owned, or rented by the University to conduct its activities. The term also describes any other property where the University would be conducting its field activities, such as picnics, field trips, Live-in field experience, etc. As all students carry the name of the University even when they are off-campus, and not engaged in any University related activity, all students are held responsible for their behavior off-campus also. Therefore, the University is free to take punitive action against any students for any act of indiscipline committed on off-campus.

Offences: Conduct of students which are subject to penalty includes, but is not limited, to committing, assisting or participating in the following offences:

1. Plagiarism. (Plagiarism is a form of academic misconduct in which an individual presents the work of another person as his or her own. An important function of a University education is to equip students to appreciate and practice scholarship. It is in this context that the work submitted by a student must be their own. However, when excerpts are used in paragraphs or essays, the author must be acknowledged through footnotes, references, bibliographies or other accepted practices.)
2. Submitting the same essay, presentation or assignment more than once whether the earlier submission was at this institution or another institution, unless prior approval has been obtained.
